

The Valley Football & Cheerleading Association would like to thank you for your interest in becoming a 'Wolfpack Community Partner'.

This year your Community Partner contribution will assist approximately one hundred VFCA volunteers in our commitment of promoting self-discipline, a solid work ethic, sportsmanship, and teamwork to over 330 junior athletes (ages 7-15). Helping these athletes on their way to becoming our future community and business leaders.

*Why is the VFCA asking for your support?*

The VFCA is a registered non-profit organization. Registration costs are kept to a minimum to allow for greater participation from area residents. This year the registration costs were set at \$175.00 per athlete for the regular season. The cost of uniforms and proper equipment for our athletes is \$400.00 per participant. Registration costs for our boys & girls flag football program is \$50 per athlete. In addition there are facility usage expenses, insurance costs, league fees, medical supplies, etc.... These fees total over \$40,000.00 per year for the VFCA. The VFCA is able to meet these operating costs through the generosity of Community Partners.

To keep up this community oriented tradition, the VFCA needs your support! The VFCA has many donation options available. Please review the attached invoice sheet and select one or more of the tax deductible donation options that best suits you.

If you have any questions, please feel free to call 253-987-5749. We look forward to working with you this season!

Sincerely,  
Charlotte Wolfe

# SEFNCO COMMUNICATIONS

SEFNCO Communications is a technology company specializing in telecommunications construction. Operating throughout the Pacific Northwest and headquartered in Sumner, WA, the company was founded in 1998 and employs a staff of over 225 skilled professionals. SEFNCO Communications began with four coaxial splicing trucks and a desire to raise the bar in quality service being provided in the telecommunications construction sector. Helping to found the company, were employees that possessed this same determination and devotion to superior quality and service in a rapidly growing industry.
